Journey:

The CADD Centre started offering training on Project Management concepts in the year 2001 and soon grew up a R.E.P of the Project Management Institute by the year 2008. CADD Centre then laid the seeds of Synergy in the year 2010 as its separate entity. This initiative was taken to offer Project Management training exclusively. With dedicated efforts and hard work, Synergy created a niche for itself in the PM Field with its expertise in providing classroom training. Within a year, Synergy diversified into Process improvement & People Skills training in Kaizen, Six Sigma, accounting softwares as well as life skill courses.

The year 2014 opened new ways for Synergy and it started franchising spreading its winds in 9 countries. Synergy now has 75 franchises proudly delivering high-quality education and training to candidates. Synergy believes in offering world class training world over with the same quality across its network.
